

Parents,

We are in desperate need of more lunch monitor volunteers.

What does a lunch monitor do? We help the students microwave their lunches, open wrappers and drinks, and keep the peace while they eat.

When do you need help? We volunteer from 11a-1:10p (get there a little earlier to check in with the office) and we need help every day of the week, even as a once in a while substitute.

Who can help? Mom, Dad, Aunt, Uncle, Grandma, Grandpa, Friends. Anyone who can pass a background check and spare the time during lunch hours.

Why should I volunteer? Studies have shown students with involved parents at the school often lead to improved behaviors, attendance, and achievement. Students do better academically and socially when positive relationships are built through the school.

Please help us help your children by reaching out to anyone you think would be able to volunteer and connect them with the volunteer coordinator, Danielle Armknecht daniellearmknecht@gmail.com 630-253-3615 call, email, or text.

Or

Return this form filled out with the volunteer's information.
